Two approved concentration elective in *one* area of ECE concentration.

Any ECE course at 300 level or above.

Five required. At least one SS and 2 from remaining areas of knowledge (FL, CZ, ALP). For depth, two must be from the same department, and one of those must be at the 200 level or higher. Limit of 2 APs.

* One Duke Physics course must be taken. If AP for both, then Physics 153L is required. Students may not take Physics 151L at Duke and use AP credit for Physics 152L. Students who have IPC instead of AP for both Phys 151L and 152L should take Phys 264.

** If BME 301L is taken, the Advanced Elective must be from the Electrobiolology (EL) Area of Focus.
If BME 303 is taken, the Advanced Elective must be from the Imaging and Measurement Systems (IM) Area of Focus.

*** An Advanced Elective may be taken instead.
